STATE OF NEW-YORK.

No. 117.

IN ASSEMBLY,

February 8, 1841.

STATISTICS

Of the State of New-York, as ascertained by the Census of 1840, taken under the act of Congress. Limited to the aggregate results in the several counties.

STATE OF NEW-YORK,
Clerk's Office, House of Assembly,
February 8, 1841.

Hon. Peter B. Porter, Jun.
Speaker of the Assembly.

SIR:—

In compliance with a resolution of the Assembly for that purpose, I have obtained from the marshals of the northern and southern districts, and herewith present to the House, copies of the statistical returns of the late census of the State of New-York. These statistics are, as required by the resolution, limited to the aggregate results in the several counties. It is proper to say that these aggregates are taken from the footings of the deputy and assistant marshals who were employed to take the census, and may not, in all cases, be entirely correct. These footings are now undergoing a careful revision in the department of State at Washington, which possibly may vary the results in some instances; but it is believed that the errors will be few and of but trifling importance.

With great respect,
Your obedient servant,
P. B. PRINDLE,
Clerk of the Assembly.

NOTE.

Under the head of "Tons of hemp and flax," on pages 28, 29, 30, the marshals have, in some counties, returned the quantity in *pounds*, and in others in *tons*.

There are, probably, errors in the number of newspapers and periodicals in some counties, as given on pages 67, 68 and 69, but the copy has been followed.
